## DYNAMITER ENTERS PLEA OF GUILTY

### SMUGGLERS' LAUNCH IS FIRED ON

Contraband Chinese Landed and Vessel Escapes From Federal Pursuers

Oakland and San Francisco Chinatowns Being Searched for Fresh Arrivals

SAN FRANCISCO, Oct. 7.—Running before 25 rifle shots, the swift launch Samson 2, sought by immigration inspectors, outfooted the slow government tug Hartley today and put to sea in the haze, pursued by two other government cutters and by two submarines lying at practice outside the Golden Gate.

Immigration officers were detailed to comb the Oakland and San Francisco Chinatowns for fresh Chinese. It is believed that the Samson slipped in last night from Embarcadero, Lower California, landed a considerable party and was on her way back when first sighted and hailed by the Hartley today.

#### CHASE SPECTACULAR.

The chase out of the harbor was spectacularly exciting. Samson No. 2, a high-powered, swift craft, was first sighted by inspectors off Meigs's Wharf. The Hartley, an old, slow gun, put out after her. No attention was paid to the order to stop except to crowd on more power. When the crew of the launch saw the inspectors making ready to shoot they put on life preservers. Twenty-five shots were fired, as the two craft raced the length of the water front for the Golden Gate. The launch gained all the way, slipped into the haze and disappeared with the cutters coming out to take up the chase.

### Steamer Wrecked In Storm on Lake

Oakland Sinks on Upper Klamath With \$30,000 in Lumber.

KLAMATH FALLS, Ore., Oct. 7.—A storm that was general over Northern California and Southern Oregon caused the wrecking of the steamer Oakland on Upper Klamath Lake yesterday. The steamer sank with \$30,000 worth of lumber. Captain Reed and the crew narrowly escaped death by drowning. The wind made heavy breakers on the lake and wrecked a large boat, towed by the steamer as if it were a toy. The steamer White Pelican rescued the crew.

### Aviator Flies 570 Miles in One Day

Frenchman Sets New Record for Longest Straight-Away Trip.

PARIS, Oct. 7.—The French aviator, Pierre Daudin, yesterday won the Pommeroy cup for the longest straight-away flight between sunrise and sunset. He covered about 570 miles, a new world's record for a single day's flight.

### Bride Who Fled With Hubby's Coin Takes Poison

SAN FRANCISCO, Oct. 7.—Mrs. Ottoline Wright, the bride who deserted her marriage bureau husband on their wedding day, taking \$2500 of her spouse's money, and who was captured by the state in that city after a chase of one month ago, attempted suicide in court this morning. The woman appeared before Judge Dunne for trial on a grand larceny charge and the case was continued one week. She is in charge of Probation Officer Nicol when she appears in a critical condition at the Harbor Hospital.

### Wealthy Man Kills Wife And Self; Wounds Woman

CALGARY, Alberta, Oct. 7.—Crushed with jealousy and his inability to effect a reconciliation with his wife, John C. Davis, a wealthy realty operator, shot and killed her last night and himself. The tragedy occurred at Miss Davis's apartment.

### SERIES WILL BE GREAT CONTEST

500 Men and Boys Camp at Ball Grounds for World's Championship Tickets

Sit Around Bonfires Awaiting Sale of Seats; Magnates and Writers Gather

NEW YORK, Oct. 7.—Sunrise on this, the day before the opening of the world's champion baseball series, found more than 6000 men and boys at the Polo Grounds. Sitting around bonfires they had watched all night for the first chance at the 4000 upper grandstand seats to be placed on sale at 9 a. m. Each person will be allowed to buy two tickets.

At the sale of seats tomorrow only one ticket will be sold to a person. This is an eleven-hour raffle, designed to defeat speculators.

#### "HIGHER-UPS" GATHER.

In the hotel lobbies here are gathered hundreds of men notable in the baseball world, among them Presidents Lynch and Johnson of the two big leagues, and August Herrmann of Cincinnati, who constitute the "supreme court" of baseball. They had an informal meeting scheduled for the day at which they planned a final supervision of arrangement for the big games.

Players and managers from all but three teams in each league also are gathered here. Those kept away are Chicago, St. Louis and Philadelphia, who will engage in a series of their own this week.

#### TO BE GREATEST YET.

All are confident that the coming series will eclipse all past contests for the world's championship. Chairman Herrmann was especially enthusiastic.

"The advance orders which have poured in for seats both in Boston and New York have been enough to indicate that, with good weather, capacity crowds will see all the contests," said Herrmann, "and the combined fields will accommodate more fans than any other previous series. The players of both clubs will enter the series physically fit. It ought to be a great series and I would not be surprised to see it go to seven games before a decision is reached."

#### PLAY EXHIBITION GAME.

Although the Nationals have an exhibition game arranged for this afternoon with the New York Americans

### John L. Sullivan Is Now Champion Farmer

"No More Bohemian Life for Me," Says Famous Pugilist; "Soil for Mine."

BOSTON, Oct. 7.—John L. Sullivan, one-time world's champion heavy-weight boxer, is credited this fall with producing some of the prize crops of the West Abington farming section. He declares that with the numerous improvements he intends to install this winter his farm will be a model of scientific agriculture. "I am back to mother earth for keeps," he declared to a delegation of his old sporting friends who visited him yesterday, "and hope to spend the rest of my days on this place. No more Bohemian life, with its bright lights. You can bet your last dollar on that."

### POWERS TO ACT IN THE BALKANS

Great Britain and Germany Agree to Proposed Terms of Settlement

Turkey Offers to Grant Self-Government to States; End Is Not Yet

PARIS, Oct. 7.—The European powers have decided to intervene in the Balkans and at Constantinople as soon as it is possible to make arrangements to that effect.

Great Britain signified today her acceptance of the French proposals, so that all of the powers are in accord.

Premier Poincare immediately communicated Great Britain's acceptance to Sergius Sazonoff, the Russian foreign minister, who then telegraphed to the Russian diplomats accredited to the Balkan states, telling them to join their Austrian colleagues in a mutual presentation to the Balkan

governments of the note agreed upon. This is to be done at the earliest possible moment.

As to the steps to be taken in Constantinople, the ambassadors of France, Great Britain, Russia, Germany and Austria-Hungary will then present to the Ottoman government an identical verbal communication, the terms of which have been agreed upon, but have not been officially announced.

#### GERMANY ACCEPTS.

BERLIN, Oct. 7.—Germany accepted today the amended draft of the declaration of the powers to Turkey and the Balkan states. It now embodies the Austrian proposal for a clearer definition of the intention of the powers, which ask for a larger measure of home rule for the European states of the Balkans.

The German foreign office has expressed its agreement with the view of Sergius Sazonoff, the Russian foreign minister, as to the inapplicability of the Bulgarian demand for foreign governments for Macedonia under control of the Balkan states.

#### TURKEY USES STRATEGY.

CONSTANTINOPLE, Oct. 7.—The Balkan situation has considerably changed by Turkey's eleven-hour surprise announcement of her willingness to grant a greater measure of self-government to Rumelia and Macedonia.

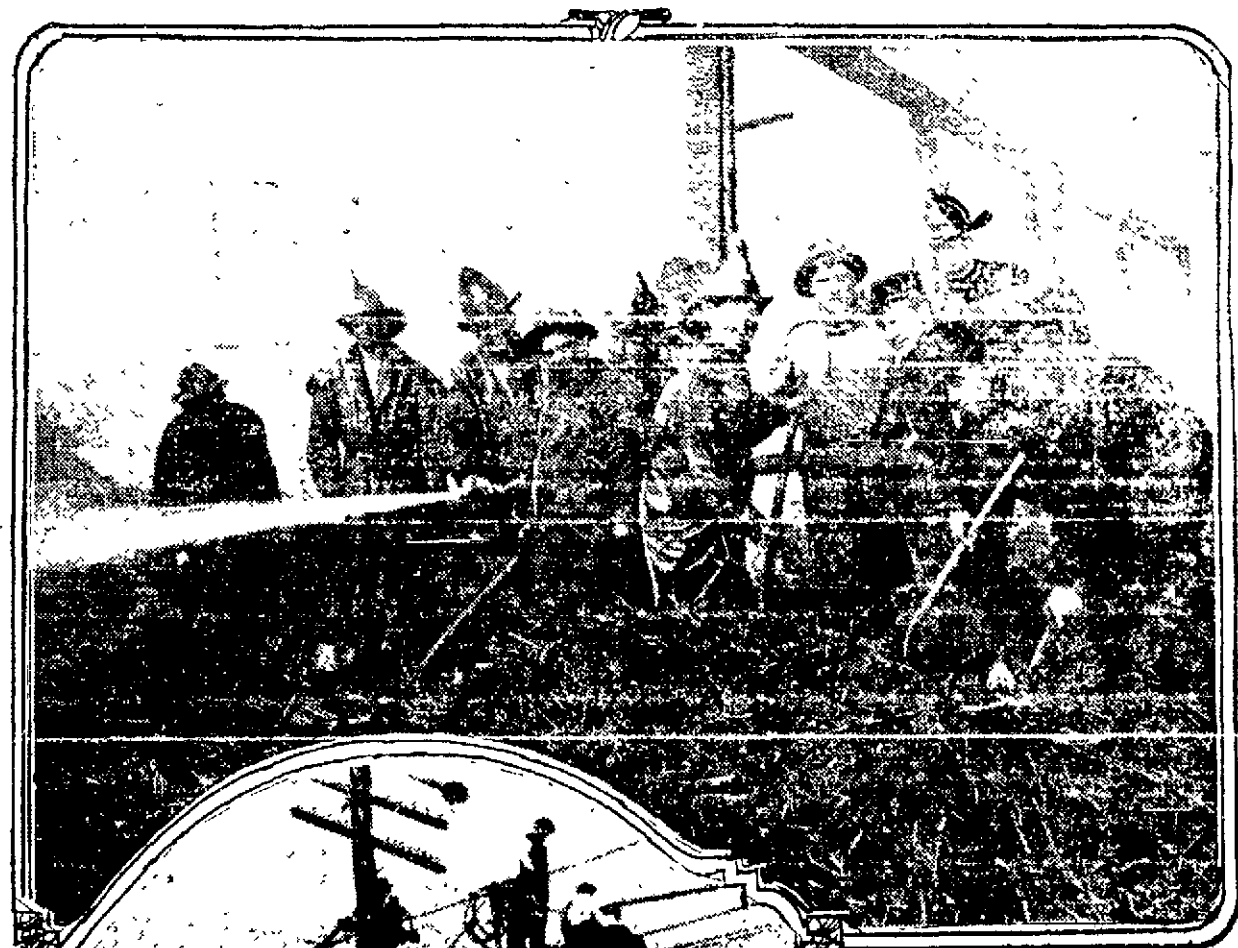

It is argued here that in introducing in such a sudden manner a measure of self-government to the Balkan states, Turkey not merely desires to give the powers an argument for bringing pressure to bear in the Balkan capitals, but probably has in view the circumstances that the decision is calculated to now divide among the members of the Balkan alliance.

#### MAY DISSATISFY GREEKS.

The Greeks in particular are likely to be dissatisfied, for it is regarded in diplomatic circles as without doubt a concession to the Turkish position.

### FOUR HORSES LOSE LIVES IN \$20,000 FIRE MUCH PROPERTY IS DESTROYED AT MELROSE

MELROSE HOSE CO. NO. 1, AT WORK AND RUINS LEFT BY FIRE AT FORTY-FIFTH AVENUE AND EAST FOURTEENTH STREET THIS MORNING.

Passengers on a Key Route train saw from the pier this morning the body of a man floating in the waters of the bay, and notified the crew of the train. The body was brought to land and was identified as that of Frank H. Murray, who, with Harry McKellar, fell from the deck of a small yacht near Goat Island a week ago yesterday. The body was badly decomposed, so that the identification is not positive. Parents of Murray, who live at 1088 Seventh street, visited the morgue this morning and stated that they believed the body to be that of their son. The remains were brought from the Key Route pier by Deputy Coroner Bert Sargent, who had been notified by the officials of the railroad company. Murray, with Harry McKellar of 902 Myrtle street, and Irving Blackwell of 4069 Mendocino street, went for a sail to Goat Island in a yawl owned jointly by the three. On the return McKellar and Murray engaged in a friendly scuffle on the deck, and when the yawl struck a swell from a passing ferry near Goat Island the two were thrown into the water. A fisherman this afternoon reported the finding of a body off the mouth of the Sutter which is supposed to be that of McKellar.

### Bodies of Youths Are Recovered From Bay

Remains of Frank H. Murray and Harry McKellar, who fell from a yacht near Goat Island a week ago, were recovered from the bay this morning.

### Eight Soldiers Injured By Premature Explosion

WASHINGTON, Oct. 7.—Eight privates of Battery F, Third United States field artillery were injured by a premature explosion of a shell today at Toby Hanna, Pa. William E. Erbeck, most seriously hurt, was brought to a hospital here. Privates Andrew Miller, Peter Marlon, Nelson D. Brown, Chas. A. Houshelt, Fred E. McNamara, Fred Lineham and Corporal John Harech were hurt, but not badly.

### \$500,000 Package of Mail Mysteriously Disappears

NEW YORK, Oct. 7.—Postoffice authorities of the United States and Cuba are hunting for a registered mail package containing \$500,000, said to have disappeared mysteriously between Havana and New York last week. The money was consigned to a bank here by a correspondent in Havana. It was in bills of large denominations. The loss was discovered last Thursday. No statement has been made by the postoffice inspectors. Bank officials decline to give information beyond the bare announcement.

### Frost Destroys Grapes on Rhine

Many Vine Growers Ruined; Loss Millions of Dollars.

COLOGNE, Germany, Oct. 7.—Vineyards valued at millions of dollars have been destroyed by frost in Rhine Valley and vicinity during the last few days. Many vine growers are ruined. The grapes in the vineyards along the Moselle have been entirely spoiled.

### CONFESSES PART IN CRIME

Edward Clark of Cincinnati Admits He Aided in Nation-Wide Conspiracy

Prosecutor Miller Points Finger of Accusation at Tveitmo and Clancy

INDIANAPOLIS, Oct. 7.—Edward Clark of Cincinnati pleaded guilty today to the government's charge in the dynamite conspiracy. As soon as court opened District Attorney Charles W. Miller addressed Federal Judge A. B. Anderson.

"If it please the Court, the defendant, Clark of Cincinnati, wishes to change his plea from not guilty to guilty."

Clark then stepped forward. "Do you plead guilty?" asked Judge Anderson.

"I plead guilty," said Clark.

The prisoner was separated from the other 45 defendants and taken to jail to await the imposing of his sentence. Clark pleaded guilty to all the charges—five counts of conspiracy and fifty counts of being a principal to the actual illegal interstate shipment of dynamite and nitroglycerine.

#### WAS UNION OFFICER.

Clark was business agent and president of local union No. 44 of the International Association of Bridge and Structural Iron Workers from January, 1908, to July, 1911. His activities in promoting explosions, Miller asserted, were carried on through letters written by Frank M. Ryan, president of the union, and the McNamara.

#### CHARGED WITH PLOTTING.

Clark was also charged with carrying out plots against employers of non-union labor. In connection with a scheme to blow up the Harrison avenue viaduct at Cincinnati, Miller alleged Clark wrote to Ryan: "It would be dangerous for me to buy explosives down here. You had better send a stranger. I have gotten one man out of a lot of trouble already. I am afraid I can't do much more, for the police judge said 'For God's sake don't bring this stuff before me again or I'll have to do something.'"

Herbert S. Hockin, acting secretary-treasurer of the union, was charged.

### Almost Attains The Century Mark

At the age of 85 years, Joseph Goodridge, member of the California Society of Engineers, was celebrating his eighty-fifth birthday today at the residence of his son-in-law and daughter, Dr. and Mrs. Gilbert Graham, 2332 Summit street.

Although nearly 100 years of age, Goodridge was actively employed as a superintendent of the Pioneer's headquarters in San Francisco.

He was born in Vermont and came to California in 1849, and was at first engaged in mining. Later he was the carpenter of the mint in San Francisco. For the past six years he and Mrs. Goodridge have resided with their daughter in this city.

Goodridge was the designer of the first bridge in California and the only surviving kin.

His wife and daughter are the only surviving kin.

## CHILDREN HATE CASTOR OIL, UGH!

The Delicious 'Syrup of Figs' Cleanses Their Little Clogged Bowels.

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and bowels of our little ones. We have a wonderful, safe, effective, and pleasant way of getting their little systems going again when they are clogged.

The children's stomachs and bowels are clogged by the same cause that clogs the adult's. It is the same—lack of proper food and lack of proper exercise.

Syrup of Figs being composed entirely of delicious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little ones' clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.

by Miller with "double dealing" with Clark.

The executive board of the iron workers' union agreed upon a fixed price of \$200 for each job," said Miller to the jury. "For this blowing up of a bridge over the Miami river at Dayton, May 8, 1908, Hockin paid Clark only \$120, thus holding out part of the fee."

Pointing toward Eugene A. Clancy and Olaf A. Evetum of San Francisco, Miller said it would be shown that they helped in promoting the Times dynamite plot. He said that "Jack" Bright, known as J. E. Munsey, for two weeks after the explosion harbored J. B. McNamara at Salt Lake City, Utah.

### STORMY SESSION DUE

SAN DIEGO, Oct. 7.—Indications of a stormy session of the State Federation of Labor, which began its thirtieth annual convention in San Diego this morning, were apparent early as the delegates gathered at the convention.

Some of the San Francisco delegation will introduce resolutions favorable to Twelfth, Clancy and others in trial at Indianapolis and Elton and Giovanniotti on trial at Salem, Mass. D. P. Haggerty, being booed by his friends for president of the State Federation and Fresno and San Luis Obispo are campaigning for the next convention.

In addition to this, the resolutions committee has introduced resolutions on the part of the electrical workers, the Northern Electric boycott, strikes on the Sacramento River and the San Francisco Examiner, two proposed labor laws and a proposed amendment to the State constitution. The convention was merely called to order this morning and listened to an address of welcome by President Beckel of the Federated Trades. This afternoon the delegates and their friends are sightseeing in automobiles.

## 'AD' EXPERT TO BE LUNCHEON TALKER

A. P. Johnston Will Speak Before Oakland Association Tomorrow.

A. P. Johnston, of the Johnston Ayres Advertising Company, San Francisco, will address the Oakland Advertising Association at its weekly luncheon tomorrow at 12:15 p. m. at the Forum Club. His topic will be "Suburban Real Estate Advertising."

The local organization is fortunate in being able to hear Johnston, who through the Johnston Ayres Advertising Agency, has had the placing of hundreds of thousands of dollars of specially prepared real estate advertising. Seats will be at a premium for tomorrow's program. That interest in growing in the advertising work of the Oakland Advertising Association is evidenced by the increased attendance on the part of merchants who are endeavoring to broaden their business interests along sound lines.

The efforts of the Advertising Club are concentrated on the buyer of advertising space of all kinds in an endeavor to attract him with the best lines of publicity for his particular business and for the proper advertising of Oakland's opportunities.

The luncheon convenes promptly at 12:15 p. m. at the Forum Club. A good lunch is followed by short, snappy talks on advertising in all its phases.

Of special interest is the program outlined for tomorrow at the Forum. The "History of the Newspaper" will be given by the program.

Excursion tickets to Salt Lake City.

## AGED WIFE CREMATES HERSELF

Fear of Impending Insanity Drives San Francisco Woman to Suicide

SAN FRANCISCO, Oct. 7.—Preferring death by fire to life with continued periods of insanity, Mrs. M. M. Blum, an aged woman, wife of a local merchant, committed suicide shortly after 10 o'clock this morning.

The woman was found burned to death in her flat at 1024 Hyde street. It was first thought that an accident had been responsible for the blaze, which for a time threatened the entire building. Later, however, a number of notes were found which indicated that the woman had set fire to herself.

Mrs. A. Tregown of 2023 Hyde street heard moaning and running into the adjoining apartment found Mrs. Blum with her clothing a mass of flames and the room ablaze. Undaunted by the flames Mrs. Tregown rushed in, wrapped a blanket around the woman and rolled her about on the floor.

Then, despairing of saving her and fearing that the structure would be consumed, she rushed out and turned in an alarm. Lieutenant Gavin of engine company 31 and John Hobson and Samuel Brown of the fire patrol, reaching the scene, dragged Mrs. Blum out of the fire's reach and sent for the ambulance. When it arrived she was dead.

The fire was put out after some difficulty and on the arrival of the coroner the letters were found. In them Mrs. Blum tells of a desire on her part to kill her little grandson yesterday with a carving knife during a fit of insanity. Fearing that she might have the mania again she burned up the knife.

"BEST TO END ALL," "I knew I was pretty bad when I tried to attack my grandson," wrote the woman, "and I thought it best to end it all."

Neighbors had noticed that the woman had been acting strangely of late, but it was their theory that this was due to loneliness and paid little attention to it. The husband was immediately communicated with by Deputy Coroner Becker, who is making an investigation. It is believed that the woman first soaked her clothing in gasoline and then applied a match.

## MELROSE VISITED BY \$20,000 FIRE

Four Horses Perish In Destruction of Large Building on E. Fourteenth.

(Continued From Page 1)

tion and Patrolman Habernig were nearly caught in the burning building. Both men entered the building for the third time to take out four horses that still remained in the stables. They were killed by the heat and smoke and the horses were saved through a window. Only one horse was saved. Four animals were burned to death. They were owned by Somers & Company, whose head offices are in San Francisco.

HOMES DAMAGED. The fire burned for more than an hour, there being a quantity of hay stored in the loft. The home of George Stevenson, 14 Forty-fifth avenue, near East Fourteenth street, was damaged by the flames. The loss is estimated at \$500. The Williams shoe repairing establishment, 4520 East Fourteenth street, was also considerably damaged.

The heaviest loser is George Hill, 1629 Forty-fifth avenue, owner of the burned building. He carried no insurance and estimates the loss at not over \$5,000. The loss to the Somers company totals \$5,000, partially covered by insurance. That of the Union Ice company is about \$3,000, insured. Brown, the wood and coal merchant, figures his loss at \$3,500, also partially insured.

TELEPHONE SERVICE CRIPPLED. Two main trunk circuit cables of the Pacific States Telephone and Telegraph Company, containing 600 wires was damaged by the fire. Telephone and telegraphic communication with the east of Melrose was disabled through the day. Until 10 o'clock this morning the telephone wires were crippled and communication cut off between Oakland, Pleasanton, Livermore, San Jose and Stockton. These toll lines, however, were repaired during the afternoon and the normal condition resumed.

## New Ice Age Coming, Says Noted Scientist

Human Race Will Once Again Battle for Its Existence With Glacial Torrent.

JTHACA, N. Y., Oct. 7.—Professor Nathaniel Smith of Cornell is authority for the statement that a new ice age is coming soon to the old world. "We are now in an inter-glacial period," he declared in a lecture before the history department, "and in the future the human race will have to use all of its knowledge in another fight for its life against the encroachment of the ice age."

Speaking of the ice age he said: "I wish to call attention to the discovery in Switzerland of four distinct periods of glaciation and to the fact that there are people in Kansas of the same four periods. This is a constant reminder to the human race of the danger of the ice age in both hemispheres."

## \$75,000 THEFT CONFESED BY EX-ARMY MAN

ROBERT C. HOLT.

## FEAR OF WOMAN OPENS JAIL DOOR

Robert Charles Holt Tells the Police He Stole From British Government.

Fearing that Rose Miller, a woman with whom he had lived in Sydney, New South Wales, when he had considerable money, would betray him to the police to obtain a reward for his arrest amounting to \$2000, Robert Charles Holt, alias Robert Clifton, surrendered himself to the police in Oakland yesterday. Holt claims that he stole \$75,000 while a clerk in the Royal Field Artillery at the Victoria barracks.

The Oakland police are holding Holt pending word from Consul General A. Carnegie Ross of San Francisco as to whether he will cable to New South Wales to ascertain the truth of the strange confession made by Holt. The confession made by Holt is of such circumstantial character that the police are inclined to believe him. Captain of Inspector Lou P. Agnew communicated with the British consul this morning, asking that he should cable to the British army authorities to find whether Holt is wanted for any crime.

CONFESES THREE CRIMES. Forgery, grand larceny and desertion are the three crimes for which Holt has confessed. He declares that on the least of these offenses, that of desertion, he would have to serve three years.

"I thought that if I gave myself up I might gain the full pardon from the authorities," Holt explained. "It would be better than being turned up to the police by a woman. Also it would make me provoked to think of her getting that reward. She was willing enough to help me and was money when I had it and now I'm down and out she'd turn me up."

"I was living all safe and happy at the Hotel Evans in San Francisco. I was getting rather down on my uppers, but was all right otherwise. Sunday I was walking down Market street when I met Rose Miller. She saw me and we recognized each other in a flash. I jumped and got a street car."

"I took the ferry and came to Oakland. I kept thinking how mean it would be to be betrayed by that woman and finally decided to give myself up and end this life of being always afraid of being recognized."

TELLS STORY TO POLICE. Holt had wandered to Melrose before he came to this conclusion. There he found Patrolman M. J. Schmidt peacefully walking his beat and to him he told the strange story of his theft, desertion and life of wandering since the commission of the crime.

Holt is only 25 years of age and is a dapper and fairly well dressed young Englishman. He has a good education, speaks with a slight English accent and tells his story in a straightforward manner. At least one point in the story is corroborated by D. J. Griffiths, an immigration inspector of the United States federal government in San Francisco, who visited the Oakland police station today and identified Holt as one of the passengers on the steamer Georgiana, which arrived from New South Wales May 27 of this year. Griffiths had given Holt his admission card on arriving in the port of San Francisco.

"I enlisted in the British army in June, 1910, for five years," Holt said in telling his story to the Oakland police. "I had been a bugler and messboy on runs on the Baltic and Baltic on the White Star line and had drifted from port to port before I went to New South Wales."

"My regimental number was 216 and I was made clerk of Battery 1, Royal Australian Field Artillery, then stationed at Victoria barracks, Paddington, Sydney, New South Wales. SPECIALS \$75,000.

"One day they were having maneuvers and that left me alone in the office. I knew the safe number and took \$5000 from the safe and a check for \$10,000. I forged the signature to this and as it was pay day and I had several times cashed checks at the government bank at Sydney, I had no trouble in cashing it. Then I fled."

"That was about the beginning of February. I stayed in Sydney four or five days. It's easy to do that in Sydney if you have money. This woman, Rose Miller, helped me and spent a lot of my coin. I shipped on the Georgiana from New Castle, February 12, and arrived in San Francisco May 17 of this year. Afterward I shipped on an all tanker, I think to South America, returned to San Francisco in July. I have lived in the hotel Evans since that time and was thinking of shipping again when I saw Rose and decided to give her the money."

"I've spent money right and left."

## TO INTERVENE IN THE BALKANS

European Powers Make Decision: Turkey Grants Self-Government Concession.

(Continued From Page 1)

that they were counting on a general confederation in order to settle various issues of long standing. These included, for instance, the presence of Greek deputies in Athens.

However, although the position has improved, war cannot yet be said to have been averted in many quarters. The fear is expressed that the excitement created by the war preparations of both sides has advanced too far for a conflict to be avoided on the basis of any reform short of Macedonian autonomy.

The Ottoman government has ordered the prohibition of the export of arms from Anatolia.

### SITUATION MORE HOPEFUL

LONDON, Oct. 7.—The Balkan situation today is considered in all quarters as more hopeful. The powers taking joint action to put an end to the crisis is greeted with satisfaction. They will proceed today, or at the latest tomorrow, to impress their views both upon Turkey and the Balkan states.

Austria and Russia have been expected to act in behalf of the other great powers at the Balkan capitals, while all the ambassadors are to take part in the representations to be made to the Ottoman government.

The British cabinet held a long session today at which Sir Edward Grey explained the policy of the powers.

### WAR IMPROBABLE

A dispatch from Constantinople says that the proposed joint action by the powers, taken in conjunction with the decision of Turkey to introduce reforms in her European provinces, is regarded as a sign that the influence of the powers has been successful and that war is now improbable. The Bulgarian minister in London also expressed the opinion today that war would be averted, but added that the Balkan states must be given the guaranty of the powers that the reforms will be carried out.

The London Stock Exchange was more cheerful today, consols gaining 1.15.

### MOBILIZING HINDERS

Sir Edward Grey was questioned in the House of Commons by Andrew Bonar Law, the leader of the opposition in regard to the Balkan situation. He replied that the trouble on the one hand was the difficulty of proceeding with reforms in the face of mobilization of the armies in the Balkans and on the other hand of the Balkan states in London. He expressed the opinion today that war would be averted, but added that the Balkan states must be given the guaranty of the powers that the reforms will be carried out.

POPE TO MEDIATE. LONDON, Oct. 7.—The announcement that the Pope is prepared to offer mediation in the Balkans was made by the Vatican after a hurried meeting of the Sacred Congregation today, according to a news agency dispatch from Rome.

## "MODERN NICODEMUS" BISHOP HUGHES' SUBJECT

A large congregation greeted Bishop Holt Hughes, resident bishop of California and Nevada, on his return yesterday morning in the Eighth Avenue Methodist Church. He delivered his first church service since his return to a series of conferences in Iowa, at this time and an informal reception was tendered him at the conclusion of the services. Bishop Hughes returned to San Francisco Saturday evening.

The "Modern Nicodemus" was the subject of the churchman's address. Three characteristics in the life of the Biblical character were indicated—his fear of man, his self-interest and his love of money. The topic was well chosen, and its application to the life of every man was well drawn.

## LIVERMORE TRUSTEES LET \$1007 CONTRACT

LIVERMORE, Oct. 7.—A contract for sewer work in College avenue has been let by the board of town trustees to H. M. Towner. The contract price is \$1007. The work is to be completed in thirty days. The town sewer board No. 26 was also sold at the last meeting of the board to the State Road of Control. Further extensive sewer work is planned by the trustees.

and had a good time. Now I guess I'll have to pay for it." Inspector D. J. Griffiths of the United States immigration service, stated this morning that the immigration office will probably deport Holt, as he is by his own confession a fugitive from justice and illegally entered the port of San Francisco. Griffiths had an interview with Holt this morning and obtained a confession from him which will be used as the basis for his deportation. Holt told a story of having spent the money he has stolen in purchasing automobiles and in going on joy rides both in Australia and in San Francisco.

NOTHING KNOWN OF HIM. SAN FRANCISCO, Oct. 7.—Nothing was known at the British consulate this morning about Robert Holt, alias Claxton, who gave himself up to the Oakland police yesterday stating that he had stolen \$75,000 from the Australian government. The Oakland police had no circulars asking for Holt and no means of confirming his story, to which he still adheres today.

## REVIVALIST HUGGED TO DEATH BY FLOCK

MACON, Oct. 7.—Dr. Samuel Johnson, a negro preacher, who lived near Pavo, Ga., and had been holding meetings in this county, is dead as a result of being hugged on Saturday night, according to a long distance telephone message from Thomsville, yesterday.

The preacher worked the members of his flock up to such a pitch that they rushed to the pulpit, while the service was going on and began to embrace him. Women and men did the hugging.

They shouted and sang as they squeezed him.

Y. M. C. A. CIVICS CLASS TO DISCUSS PROHIBITION

The civic class of the Young Men's Christian Association will meet tonight for the purpose of discussing the prohibition party. S. F. Meade, a well known school teacher of this city, will deliver an address.

## ESPERANTIST WOULD BRING CONGRESS HERE

The tenth International Congress of Esperantists will be held in Paris in 1914 and local Esperantists are working for the election of congress here in 1913. If it should be held here tonight on Exposition of Race Portraits after the lecture series will be started.

## ELECTION OFFICIALS INCLUDE 600 WOMEN

Fair Sex Has Large Representation on November Pay Roll

With the appointment today by the Board of Supervisors of 1502 election officials to serve November 5, the fact became apparent that modern woman has usurped another heretofore masculine prerogative.

The list of election officials, as drawn evenly from Republican and Democratic ranks, includes the names of nearly six hundred women. Each individual application direct to the Supervisors has been considered, every election precinct in the county could have been offered entirely by the gentler sex.

The opportunity of earning \$10 for the day has appealed apparently to seventeen hundred thirty households of the county, who figure that they can just as well afford to leave the babies at home that day and earn more money than the husbands who are busy at office and shops.

Three Republicans and as many Democrats for each of the 287 precincts in the county were named today from lists submitted by the chairman of the two county committees. This is in accordance with the decision of the State Supreme Court according equal representation to the two parties polling the largest vote at the last general election.

The Socialists have appealed from this decision, but as yet have obtained no new rulings.

### PROCLAMATION RECEIVED

The election proclamation issued by Acting Governor A. J. Wallace setting apart Tuesday, November 5, as the date for the presidential election, was received this morning by the board. The proclamation embodies a call for the election of thirteen presidential electors, twenty state senators, eighty assemblymen and twenty-five superior court judges in fourteen counties.

### OPPOSE LIQUOR LICENSE

There will be no liquor license granted to Hunters' Inn on the Foothill boulevard if the Civic Center of San Leandro can prevent it. The views of that organization on the subject were made clear to the supervisors in a letter signed by Josephine Dignan, secretary.

## CAMP ALL NIGHT TO GET TICKETS

Grandstand Seats for World's Series Baseball Game in Great Demand.

(Continued From Page 1)

for the entertainment of Uncle Sam's bluejackets, the day will be mainly of rest for the world's series men. It is understood that Mathewson, Tesreau and Marquard, who will do the brunt of the pitching for the Giants, will have a final workout. Larry Doyle's slight injury suffered at Brooklyn Friday left no ill effects and the New York champion will surely take part in the series.

WRITERS ON HAND. The Boston Americans, led by Manager Jake Stahl, were expected to arrive at Oakland and put in a good night's rest.

The arrival of out-of-town newspaper men include most of the best known baseball writers in the country. They established headquarters at the Hotel Imperial and directly across from them in the Martinique the Boston delegation hoisted its colors.

Mayor Fitzgerald and 300 Boston supporters were expected to arrive at the city and many automobile parties have booked reservations.

### BETTING STATIONARY

Betting odds remain at approximately the same as three weeks ago, with the American supporters willing to give odds of 10 to 8. The weather bureau predicts this morning that the weather for the opening game, its official forecast for Tuesday is "fair and cooler, moderate variable winds." It could be several degrees colder, however, without spoiling the game. Today was clear and crisp with promise of a moderately warm afternoon.

### BOSTONS PRACTICE

BOSTON, Oct. 7.—The American champions tried their batting eyes and their fielding ability in light practice at Fenway park this morning prior to their departure for New York later in the day. It was their last day of preparation for the world's championship series. The players were in fine form. Gardner and Carrigan, who arrived recently from April fingers, are in good condition again and the team bids fair to go into the world's series with the same fortunate lack of handicaps on account of illness or injury which characterized their season's play.

While the players were going through their morning practice many of those who will be spectators of the game here were lined up outside Fenway Park to get their allotment of reserved tickets.

### REVIVALIST HUGGED TO DEATH BY FLOCK

MACON, Oct. 7.—Dr. Samuel Johnson, a negro preacher, who lived near Pavo, Ga., and had been holding meetings in this county, is dead as a result of being hugged on Saturday night, according to a long distance telephone message from Thomsville, yesterday.

The preacher worked the members of his flock up to such a pitch that they rushed to the pulpit, while the service was going on and began to embrace him. Women and men did the hugging.

They shouted and sang as they squeezed him.

Y. M. C. A. CIVICS CLASS TO DISCUSS PROHIBITION

The civic class of the Young Men's Christian Association will meet tonight for the purpose of discussing the prohibition party. S. F. Meade, a well known school teacher of this city, will deliver an address.

## ESPERANTIST WOULD BRING CONGRESS HERE

The tenth International Congress of Esperantists will be held in Paris in 1914 and local Esperantists are working for the election of congress here in 1913. If it should be held here tonight on Exposition of Race Portraits after the lecture series will be started.

## NOT SALTS AND PILLS, 'CASCARETS'

If Constipated, Bilious, Head-achy, Stomach Sour, Take a Cascaret.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep, cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

## SHOOTS HIS WIFE; AND THEN HIMSELF

Elmhurst Man's Bullet Is His Remonstrance to Woman's Action.

After shooting his wife through the left lung, Alfonso Silva, a dayman of 2910 Walnut street, Elmhurst, turned a revolver on himself yesterday noon and sent a bullet into his own breast and another into his head. Miss Marian Linds, who lives at the Silva home, was a witness to the affray, but was powerless to prevent the shooting for fear of her own life.

According to statements made to the police by Silva, he had become angered because his wife, Alice, insisted upon going to the home of her brother, Malcolm Barr, of 1800 Eighty-first avenue, for dinner instead of staying home and cooking the meal for her husband.

Both victims were rushed to the receiving hospital by the Melrose police, where they were operated upon by Doctors Hamilton and Irwin with the result that they have a slight chance of recovery.

M. H. Silva, a neighbor who heard the shooting, rushed into the house. In the meantime Miss Linds had run screaming into the yard. Officers Nedderman, Sherry and Thersally appeared on the scene and caused Silva and his wife to be removed to the hospital.

"My wife has been cranky for the last six months," declared Silva at the hospital. "She does not want to stay with me. She goes continually to the home of her brother. I told her today that if she did not stay home and get my dinner for me I would shoot her. She persisted and I shot. Then I shot myself. That's all there is to it except that I did a bad job."

Silva formerly lived in Lowell, Mass. It is said that they quarreled here and that he came west, where she followed. The couple conducted a dairy. Charles Silva, a brother of the would-be murderer and suicide, stated that Mrs. Silva had repeatedly threatened to kill her husband with a razor.

JACINTO FUNERAL TO BE HELD HERE TOMORROW

Frank Jacinto, a well known Oaklander, who died yesterday, will be buried from Henderson's undertaking parlors, 703 Telegraph avenue, tomorrow at 2:30. Jacinto was a member of Oakland Aerie No. 7, F. O. E., and Brooklyn Parlor No. 3, G. W., and those orders will have charge of the ceremonies.

Jacinto was 33 years old and single. He was a brother of Mrs. S. S. Thirteenth and Mrs. E. S. Ellis of this city and of Mrs. H. Burton, Potluma; Miss May Jacinto, Ukiah; George Jacinto, Fresno; and Miss Minnie Jacinto of San Francisco.

TAFTS ON SECOND STAGE OF LONG AUTOMOBILE TRIP

DALTON, Mass., Oct. 7.—The President and Mrs. Taft, after spending Sunday at the home here of United States Senator Murray Crane, left today on the second stage of their six-day automobile tour of New England.

President Taft planned to spend the night as the guest of Robert T. Lincoln, son of President Lincoln, in Manchester.

## Chronic Ulcers Mean Bad Blood

If outside influences were responsible for chronic ulcers, then external applications and simple cleanliness would be a curative treatment. But the trouble is always in the blood, which has become unhealthy and diseased, and keeps the sore open by continually discharging into it impurities and infectious matter. Salves, washes, lotions, etc., may cause the place to scab over temporarily, but the blood is not made purer by such treatment and soon the old inflammation and discharge will return and the sore be as bad or worse than before. S. S. S. heals old sores by going down into the blood and removing the impurities and germs which are responsible for the place. S. S. S. thoroughly purifies the circulation and in this way destroys the source of every chronic ulcer. In addition S. S. S. enriches this vital fluid

and assists nature in overcoming the bad effects of a chronic ulcer. Book on Sores and Ulcers and any medical advice free to all who write.

## LOOTERS DRIVEN OUT BY REBELS

### Zapatistas Retreat From Chocula, Mexico, With Loss of Fifty.

MEXICO CITY, Oct. 7.—Chocula was cleared of the Zapatista looters by the federal troops early today. The reinforcements from Puebla a short distance away succeeded in driving them out after an engagement in which the casualties probably numbered less than fifty in all.

The rebels, who are estimated to have numbered not more than 200, carried away a quantity of loot. Dynamite bombs were used during the fighting.

REBELS DEFEATED.

MONTEREY, Mexico, Oct. 7.—Three hundred rebels, commanded by Maricello Caraveo, were completely defeated Saturday by the federal troops. General Aurelio Blanquet at Alto de Las Esperanzas, according to the official report, General Blanquet's forces killed forty rebels, captured eight men and seventy horses. Only three rebels were killed, though many were wounded. The general reports that Caraveo's rebels have retreated into Chihuahua.

## THREE ROBBERS CAUGHT AT WORK

SAN FRANCISCO, Oct. 7.—Patrolman James R. Welch and Special Officer Berge captured three robbers at an early hour this morning as they were going through the pockets of their victim and then let two of them go when they were informed that a crime had not been committed.

Berge and Welch were walking along an alley adjacent to the Barbary Coast when they saw Peter Scatenia asleep in a doorway with three men bending over him. As they approached the trio ran, but were caught after a short chase. Returning they found Scatenia still slumbering and woke him.

He declared that he had not been robbed and refused to place a charge against the men. The officers were about to release all three, but decided to hold one of them as a witness on a technical charge, and taking Scatenia, went with their prisoner to the patrol boat at 10 o'clock tomorrow morning," said Welch to Scatenia.

"Let me see. What time is it now?" replied the latter, only to discover that his watch was missing. He immediately found that \$4.50 was also gone and the officers charge the man in custody, George Parnes, with grand larceny.

## TRAINS AND VESSELS WILL BE INSPECTED

WASHINGTON, Oct. 7.—Sanitary inspection of all trains and vessels in interstate traffic is to be begun immediately by the Public Health Service. All commissioned medical officers of the service, when traveling under official orders, will inspect the sanitary conditions of the conveyances on which they travel and of the stations, terminals and wharves at which they stop.

The officers will report to headquarters at Washington the names of railroads and steamship companies on which had conditions are found.

"It is contemplated," the Treasury Department announces, "that these reports will be published."

## THIEVES ROB HOME OF ATHLETE TOM CARROLL

MELROSE, Oct. 7.—The home of Constable Thomas Carroll, the noted athlete and sharpshooter, was entered by burglars early this morning, who made their get away with a quantity of trophies, boxing gloves, fencing sticks and other athletic appliances. Admission of the burglars was gained through a rear window.

Carroll, who lives at East Twenty-seventh street and Fruitvale avenue, estimates his loss at about \$500. The burglar was reported to the Melrose police.

Another burglary was reported by Leo Martin, 2624 East Fourteenth street, whose premises were broken into late last night. Martin is a tobacco dealer. The thieves took a quantity of choice cigars, cigarettes and pipe tobacco.

## TWO ARE KILLED IN FACTION FIGHT AT COLON

HAVANA, Oct. 7.—Two were killed and the chief of police and several other mortally wounded in a faction fight today at Colon, in the Province of Matanzas. The conservative declares the fight was precipitated by the favoritism shown by the police to the Liberals.

## GRANTED LETTERS.

SAN FRANCISCO, Oct. 7.—Andrew Meehan, father of Mrs. Alice Hall, who with her husband, J. J. Hall, was killed by Arthur Hall, the latter's brother, on September 20, was granted letters of administration of the \$5000 estate today.

Such a grant was also given today to 11-year-old granddaughter, who is the nearest relative.

## Not Well Enough to Work

Thousands of American girls and women are dragging out a weary existence in stores, mills, shops and factories with distressing weaknesses and derangements which are sapping their very life away.

Such women may find joy in living and be restored to vigorous health by taking Lydia E. Pinkham's Vegetable Compound, a woman's remedy for human ills which has stood the test of time.

## IMMENSE CROWDS FOLLOW IDORA FLAGS

## CARNIVAL BEGINS WITH BANG AT PARK

LORINA LORENZE. With one of Carver's diving horses; daring couple in leap for life

## Diving Horses Provide Thrills; Daring Girls in Mermaid Stunts

With crowds so large that at times one with difficulty made one's way from one part of the grounds to another, Idora Park yesterday inaugurated the greatest carnival in all its history. "Those who follow the pennants to Idora" during the merry carnival period will find an endless variety of amusements. But all else, whether they be the dazzling hippodrome spectacles, Jeffkins, the Australian Speed King or the scores of other diversions, must pale when compared with that troupe of diving horses which yesterday teared from gigantic heights with a willfulness and ease that caused the oldest circus follower to marvel.

As if this in itself were not sensation enough for one carnival, the great act is made doubly notable from the fact that the animals are at times ridden in their perilous dives by a young girl. Words can but poorly describe the scene enacted at Idora yesterday when this "girl in red," Miss Lorena Lorenze, and the beautiful horse "Powder Face," made their wonderful double dive.

No such performance as this has ever been seen in California. It is said that Miss Lorenze is a native of this state. Those who miss seeing her at Idora during the carnival weeks will have missed one of the world's greatest acts.

## MANY OTHER FEATURES.

But while the "girl in red" and "Powder Face" are the big, bright features of Dr. Carver's famous show, they are by no means all of it. Included one finds Mermaid, the great English woman swimmer and "White Powder," the beautiful horse "Powder Face," and "Bobble" Rawlinson, who yesterday performed forward, back and half-twister dives from a distance of 100 feet in the air.

And as the girl and the horse are only part of the Carver show, so is the latter but one feature of the entire carnival program. The breadth and length of Idora is dressed in festive array. Flags, bunting and thousands of additional lanterns give it a true Mardi Gras appearance and suggest joy and clean fun from early afternoon until late into the night.

## SOMETHING NEW.

It is planned so that every day at Idora and every night as well, will present some new and novel feature in addition to the regular carnival program. Tonight, for instance, an entire change of bill will greet those who visit the amphitheater. The Hippodrome company of artists will present two big spectacles; one a nautical conceit, "Ship Ahoy," and the other a picturesque and amusing production which its author and producer, Frank Stamper, in "Night in Venice." Both will amuse the crowds. Jeffkins, the speed king, will again be featured in the theater building and other special and interesting events take place at various points in the grounds.

## TEACHER AND WIFE FACE MURDER CHARGE

SALT LAKE CITY, Oct. 7.—When the jurors assembled this morning to hold an inquest over the body of Thomas E. White, a taxicab chauffeur, who was found dead Saturday morning with a bullet hole through his head, County Attorney E. E. Cannon announced that he had decided to dispense with such a formality.

According to the county attorney a charge of murder in the first degree will be filed against Caleb A. Inlow, a school principal of Bingham, who, with his wife, is being held for investigation in connection with the death.

The coroner issued a death certificate ascribing White's death to gunshot wounds, feloniously inflicted.

## LABOR LEADER FIRED.

SAN FRANCISCO, Oct. 7.—W. H. Tolman, the Seattle labor leader, accused of contempt of court for refusing to answer questions propounded by the Los Angeles grand jury, yesterday was discharged at 1 o'clock today.

In the United States circuit court Attorney Oscar LaRue, representing the government, asked for a dismissal on the ground that the grand jury had been dispersed and a new jury empaneled.

## HELD DOWN THE PRICE OF STEEL

### Testimony Given in the Government Suit Against the Trust at Pittsburgh.

PITTSBURGH, Oct. 7.—Had it not been for meetings of representatives of certain steel interests held in 1907, for the purpose of maintaining a stability of prices, steel would have advanced \$7 to \$10 a ton, said William L. King, vice president of the Jones & Laughlin Steel company, testifying today in the government's anti-trust suit against the United States steel trust. At other times, he said, meetings were held to keep prices from going down. Mr. King testified that he had been treasurer of the Structural and Plate Association made up of six or eight companies, one of which he named, in 1907. He declared, as reported by the business of the company on a percentage basis.

The Carnegie Steel companies' allotment was about 45, or 50 per cent, said Mr. King.

## HUSBAND AND FATHER MISSING

Archie Eckles, of 906 Oak street, failed to meet his wife on her return from a visit to Tomales Sunday evening, and following his disappearance from home she is in a prostrated condition. Fear that harm has befallen him is entertained by the wife and a brother, Frank Eckles, of 543 Union street. The missing man, who was known as being temperate in his habits and happy in his home life, was employed as head stableman by the Sunset Lumber Company. He is 23 years of age. He is the father of two young children.

## John D. Never Better, He Tells Tarrytown

TARRYTOWN, N. Y., Oct. 7.—Disquieting rumors regarding John D. Rockefeller's health have been completely set at rest by his excellent appearance while in the village stores or at church. When the Rev. Arthur Brooks greeted his millionaire parishioner for the first time this fall, he asked after the oil man's health. John D. gave him a hearty handshake and replied:

"Why, I never felt better in my life. I had a delightful summer and have come back to Tarrytown as fit as a fiddle."

Mr. Rockefeller was also so pleased with the sermon yesterday that he asked Dr. Brooks for a copy to take home to read to Mrs. Rockefeller.

## Author Has Narrow Escape From Flames

LA CROSSE, Wis., Oct. 7.—Hamlin Garland, the author, had a narrow escape from death today in the destruction by fire of his home at West Salem. He was obliged to leap from a second story window to the ground. A girl servant, Fern Fox, received serious burns.

The fire was caused by an explosion of gasoline. Valuable curios gathered by Garland in all parts of the world besides the house and furniture, were destroyed.

## GIRL IS PLACED IN CUSTODY OF PARENTS

SAN FRANCISCO, Oct. 7.—Lau Lang, the 12-year-old girl taken from a cannery at Second and Wood streets, Oakland, by Mrs. George C. Davis, and placed in the Methodist Oriental home here, was given into the custody of her mother and father today by Superior Judge Graham. The girl was treated from the cannery on the theory that she was a runaway. She was properly taken, but today J. H. Franklin, an insurance man of Oakland, and Mrs. D. A. Cunha of Oakland, testified as to the good character of the parents and the home of the family.

The court held that nothing wrong had been done, saving perhaps placing the child in the cannery, which was a matter for investigation by the Oakland Juvenile Court.

## SENTENCED TO TWO YEARS IN PRISON

Louis Gasconneau, a barber, convicted of placing Malin C. Johnson in a disorderly house, was sentenced to serve two years in San Quentin by Superior Judge Ellisworth today. Testimony before a jury showed that the defendant had sought to control the girl's earnings.

## FAILS TO SHOW UP.

Harry Vance Howell, who stole a satchel from Mrs. J. R. Davis, 2208 Bowditch street, Berkeley, some weeks ago, failed to appear for sentence before Judge Mortimer Smith this morning and his bail of \$500 was declared forfeited for the defaulting defendant. It is believed that Howell has gone to Los Angeles. Attorney Phil Walsh, who represented the man, pleaded guilty for him last week.

## RELIGION FOR SOLDIERS.

LONG BEACH, Oct. 7.—A resolution asking the government to maintain the present commissioned status of army and navy chaplains and to insure the betterment of the religious branch of the service was passed today by the Southern Methodist conference. The conference, it was said, was the forerunner of a nationwide movement to obtain better religious training of soldiers and sailors.

## REQUEST COMPETITIVE PLANS.

SACRAMENTO, Oct. 7.—A request that the plans for the \$200,000 worth of school buildings to be erected in Sacramento, be opened to competition among architects of the state on competitive rules furnished by the San Francisco chapter of architects was made to the city commissioners by a committee of that body consisting of William Mauer, William B. Facille and Sylvia Schnattdacher.

## GENERAL SMITH DEAD.

WASHINGTON, Oct. 7.—General Frank Smith, U. S. A., retired, died today, aged 71.

## NAVY PLANS FOR WIRELESS TESTS

WASHINGTON, Oct. 7.—Arrangements have been made by officials of the Navy Department to equip the proposed high power radio station on the Isthmus of Panama for an experimental test before finally considering the establishment of other stations provided for by Congress at its last session. Congress authorized similar high power radio stations in addition to the ones on the canal zone on the California coast, in the Hawaiian Islands, in Samoa, on the island of Guam and in the Philippines.

Efforts will be made to have the Panama station and the one to be erected on the California coast in operation by the time of the opening of the Panama-Pacific Exposition in 1915.

An ideal site is available on the beach near San Francisco. Advantages of that site will be its proximity to the fortifications near San Francisco and its facilities for wireless communication with the Hawaiian Islands.

## COMPETING FERRY CASE BEFORE SUPREME COURT

SAN FRANCISCO, Oct. 7.—Arguments were heard this morning by the Supreme Court in the suit of the Solano Aquatic Club against the Superior Court in connection with the contempt proceedings in the Vallejo ferry controversy. The Solano Club was restrained from running a ferry in opposition to the regular line and persisted in operating boats. The citation for contempt was the result of today the highest state tribunal is reviewing the entire proceedings.

The big white district, which has been brightly lighted and crowded during the night, is empty since the great fire of '71, was dark and deserted for the first time in forty years.

The "levee" is populated according to statistics collected by the Vice Commission with the denseness of the underworld, 300 of whom yesterday decided that State's Attorney Wawman meant war. They turned their inmates into the street and ordered them to seek lodgings in other parts of town. They closed the houses and saloons and asked visitors to conceal themselves in other cities. St. Louis was the Mecca.

Meanwhile the inmates of the Niagara resorts, to the number of nearly 1500, poured out into Michigan boulevard, the main artery of communication between the North and South Sides and in the afternoon is the main thoroughfare for a

Democratic Leader Declares  
Corporation Would Dictate  
"Regulation."

REFUSES TO DISCUSS  
ANYTHING BUT ISSUES

"What Difference Does Mr.  
Taft's Record Make to Me?"  
He Asks.

PURPLE, Oct. 7.—That the United States Steel Corporation is behind the third party program in regard to regulation of the trusts, was the charge made by Governor Woodrow Wilson in a speech here today. Corroborative evidence of that assertion, the Governor said, was coming in him every day.

"It is a very interesting circumstance," said Governor Wilson, "that the American Steel Corporation is behind the third party campaign as regards the regulation of the trusts. Now I don't want to say that to prejudice you, because I am not here to indict anybody. I am perfectly ready to admit that the officers of the United States Steel Corporation think that is the best thing for the United States. My point is that these gentlemen have grown up in the atmosphere of the things that they themselves have created and which the law of the United States has so far attempted to destroy. And they now want a government which will perpetuate these things they have created."

The Governor said that he had been asked as he got farther West to put a "punch" in his speeches and "hit the other fellow." He declared that he was not interested in persons, but issues.

"WHERE'S THE DIFFERENCE?"

"What difference does Mr. Taft's record make to me? What difference do his attainments mean in the face of the tremendous issues? I tell you I can't afford to think of Mr. Taft and Mr. Roosevelt in thinking of the futures of the people of the United States."

The Governor attacked the platform of other parties and digressed once to say: "I call it the third party because I will not concede to it the exclusive title 'progressive.'"

He gave out for publication the following letter, which he said had been forwarded to him from Democratic national headquarters as having been circulated by Charles D. Hilles, Republican National Chairman, among employers of labor throughout the country.

"If the November election results in the choice of a Democratic Congress and a Democratic President, new tariff laws will be enacted at once. In other words, destructive Democratic tariff measures, such as President Taft vetoed at the last session, will become law. Only one thing can prevent this, and that is a protest vote on the part of the American workmen. They must choose between a high standard of living and that of the underpaid European workmen."

"Do your employers understand each one will be asked personally to vote for Taft and Sherman and the Republican candidate in Congress and told the reason why. I trust you will favor me with this list at the earliest possible date."

(Signed) "CHARLES D. HILLES, Chairman."

Governor Wilson said that beyond desiring to make the letter public, he wished to make no comment on it.

"It speaks for itself," he said.

Democratic Leader Declares

Corporation Would Dictate

"Regulation."

REFUSES TO DISCUSS

ANYTHING BUT ISSUES

"What Difference Does Mr.

Taft's Record Make to Me?"

He Asks.

PURPLE, Oct. 7.—That the United States Steel Corporation is behind the third party program in regard to regulation of the trusts, was the charge made by Governor Woodrow Wilson in a speech here today. Corroborative evidence of that assertion, the Governor said, was coming in him every day.

"It is a very interesting circumstance," said Governor Wilson, "that the American Steel Corporation is behind the third party campaign as regards the regulation of the trusts. Now I don't want to say that to prejudice you, because I am not here to indict anybody. I am perfectly ready to admit that the officers of the United States Steel Corporation think that is the best thing for the United States. My point is that these gentlemen have grown up in the atmosphere of the things that they themselves have created and which the law of the United States has so far attempted to destroy. And they now want a government which will perpetuate these things they have created."

The Governor said that he had been asked as he got farther West to put a "punch" in his speeches and "hit the other fellow." He declared that he was not interested in persons, but issues.

"WHERE'S THE DIFFERENCE?"

"What difference does Mr. Taft's record make to me? What difference do his attainments mean in the face of the tremendous issues? I tell you I can't afford to think of Mr. Taft and Mr. Roosevelt in thinking of the futures of the people of the United States."

The Governor attacked the platform of other parties and digressed once to say: "I call it the third party because I will not concede to it the exclusive title 'progressive.'"

He gave out for publication the following letter, which he said had been forwarded to him from Democratic national headquarters as having been circulated by Charles D. Hilles, Republican National Chairman, among employers of labor throughout the country.

"If the November election results in the choice of a Democratic Congress and a Democratic President, new tariff laws will be enacted at once. In other words, destructive Democratic tariff measures, such as President Taft vetoed at the last session, will become law. Only one thing can prevent this, and that is a protest vote on the part of the American workmen. They must choose between a high standard of living and that of the underpaid European workmen."

"Do your employers understand each one will be asked personally to vote for Taft and Sherman and the Republican candidate in Congress and told the reason why. I trust you will favor me with this list at the earliest possible date."

(Signed) "CHARLES D. HILLES, Chairman."

Governor Wilson said that beyond desiring to make the letter public, he wished to make no comment on it.

"It speaks for itself," he said.

**PORTLAND, Me., Oct. 7.**—The 105th annual meeting of the American Board of Commissioners for foreign missions will begin here tomorrow. Officers of the organization will report the board free from debt for the fourth time in its history, despite the great outlay, the receipts being \$1,052,443, and the expenditures \$1,052,088. Only once before have the receipts passed the million dollar mark.

**Regarding the work of the year in foreign fields, a report says:**  
"While it has been a turbulent period over the large part of the board's fields and scenes of war and revolution have been the experience of many of its missionaries. It has been a year of unsurpassed opportunity and challenge to the workers. Doors were never so wide open as they are now. Religious liberty is acknowledged in China, and no anti-missionary spirit has been shown during the civil war in Mexico."

### WOMEN IN THE NEWS

#### HANBURY'S WIDOW AGAIN TAKES VOWS AT ALTAR

**Wealthy Former Telephone Girl Becomes Bride of Hotel Man**

**SAN FRANCISCO, Oct. 7.**—Mrs. Marie Eleanor Mansfield Hanbury, who from the position of a telephone girl in the little railroad town of Bendella, became the sister-in-law of the famous Lady Willoughby de Broke by her marriage with David Hanbury, the eccentric British millionaire, died on Saturday morning at her home yesterday by marrying William T. Banta, San Francisco hotel man, at St. Helena.

When David Hanbury, son of an earl, explorer, big game hunter and daredevil rider with Roberts' Horse in the Boer war, died in 1910, his handsome young widow became the heiress of a fortune estimated at more than \$1,000,000 in British brewery and winery stock.

Hanbury willed everything to his wife, notwithstanding that he had once sued her for divorce and produced in court ardent love letters which he charged she had written to Bradley Sargent, a University of California undergraduate.

The divorce proceedings ended in a reconciliation, and from that time to his death the former telephone girl of Bendella was the constant object of his affection.

Since the death of Hanbury his young widow divided her time between her home on Island No. 2, near Vallejo, and San Francisco and Europe with her young son.

Little is known here about the romance which ended in her marriage with Banta at St. Helena yesterday.

Dispatches from St. Helena last night said that the marriage was performed at St. Helena, and produced in court ardent love letters which he charged she had written to Bradley Sargent, a University of California student and cousin of the bridegroom, was best man, and Miss Kathleen Mansfield, sister of Mrs. Hanbury, was bridesmaid.

The newly married Mrs. Banta is a slender brunette of medium height and sensitive features.

#### Starve for Figure

**BERLIN, Oct. 7.**—Women of rank and fashion in Germany have been seized with a passion for becoming thin—acquiring the "American figure." Accordingly "starvation cures" have been thronged with women taking the "cure." After a "patient" is weighed she is put on diet, of which the following is a sample:

At 7 a. m.—A saucer of cherries or grapes, a cup of corn coffee, a slice of brown bread, two pieces of zwieback or toasted bread.

At 10 a. m.—A glass of lemonade, a saucer of cherries or grapes.

At 1 p. m.—Two small slices of meat, a dish of vegetables (not potatoes), lettuce, a dish of fruit stew or jam.

At 4 p. m.—A glass of lemonade, a saucer of cherries or grapes.

At 6:30 p. m.—A dish of vegetables (not potatoes), a saucer of cherries or grapes.

#### Queen Shields Clerk

**ROME, Oct. 7.**—A curious fact in connection with the recent death of the Duchess of Genoa, mother of Queen Margherita, has just become known here. Following her death all members of her family, who were cited in her will as beneficiaries were called in conference to arrange her finances.

### MOTORCYCLING

By LILLIAN RUSSELL  
(Copyright, 1912, by Lillian Russell)

**W**HEN I see a pretty girl on a motorcycle I always feel sorry for her and wonder what form of misrepresentation was used in urging her to take such a ride. There is nothing for a girl to gain in sitting behind a man, in an awkward position, on a frail gasoline machine, excepting a horrible vibration which circulates the blood. As for the pleasure, that can only be when a tire bursts or something happens to the motor, or when they reach their destination. The man may find pleasure in having a pretty girl shield his back from the dust; surely they cannot talk while motoring, and he can't see her pretty face. The only satisfaction that can possibly come to him is in the fact that he is certain that she isn't with the other fellow.

In any case the girl who rides on a motorcycle lays herself subject to any rude remarks that men may see fit to pass her way. The injury to her spine and complexion she will regret the balance of her life. The dust and dirt that by force of contact fill the pores of her skin and scalp, causing disfigurement. The cuticle of the face, neck and hands will peel and the under skin become thick and rough. No veil or glasses over the eyes can keep out the needle points of sand that will even penetrate glass. The costume which one is obliged to wear on a motorcycle trip is unwomanly to say the least. No thoroughly smart girl will don the necessary khaki trousers and putties the second time, I am sure.

In any case I would advise girls who would motorcycle to hesitate before so far forgetting their womanhood. There is nothing to gain and so much to lose. Ride the old-fashioned bicycle if you will—anything that will permit you to retain the beauty and glory of your sex. Remember, men often request favors from girls which they would not permit their sisters to grant.

are included in this care, but also the stockings and shoes. Morning and evening the feet must be bathed and sometimes during the day. The stockings and shoes must. In bad cases, be changed several times a day. After bathing the feet in lukewarm water, they should be carefully dried and rubbed with cologne water. In order to avoid the painful fissures so common in this condition a 2 per cent salicylic lanolin is used for greasing the feet. The toes are protected with bits of soft old linen so that they will not come in contact. A dusting powder is sometimes substituted for the ointment.

**Answers to Queries**  
**MRS. T. L.**—Acute indigestion will often result in pimples and spots appearing on the nose, which, added to the redness, renders it most unsightly. For this bathe with hot water and apply cloths wrung out in hot water. A shiny nose is also often a great nuisance. This can be quickly cured by applying regularly a lotion made with 20 drops of tincture of lavender and six grains of sulphate of zinc dissolved in two ounces of distilled water. Apply with a soft rag. For enlarged pores on the nose bathe with a lotion composed of distilled water, one pint; powdered borax, one tablespoonful, and one tablespoonful of orange flower water. Mix and apply several times a day.

**H. D.**—In regard to diet general directions are given instead of special directions because the diet which will be beneficial to one individual will not be so for another, and the matter is one each person must work out for himself or herself. You may eat nearly all kinds of fresh fish, preferably boiled. You can have for meats, beef, mutton, lamb and chicken, eating the lean instead of the fat. Eat few eggs, if any, and those should be poached or boiled. Eat sparingly of dry bread, toast and crusts. For vegetables eat spinach, lettuce, cauliflower, onions, cabbage, tomatoes, radishes and olives. No desserts, except ripe fruits. Little tea or coffee, and that without milk, cream or sugar. You must drink little water with your meals. A glass sipped at the end is recommended. Sometimes, however, in fat reduction, drinking an abundance of water helps, but it should not be taken at meals, only between meals, a dozen or more glasses a day. If you have two tables to take care of you will not need the long walks for exercise, as they probably keep you busy.

**HELEN W.**—Excessive dryness of the skin may result from a natural insufficiency of fat secretion, or from persistent unsuitable treatment of the skin. If you have been using strong spirit lotions the present condition of cracking, peeling and burning is easily accounted for. Stop using soap and water for a while and cleanse your face with sweet olive or almond oil. The application may be made by pledgets of absorbent cotton and any excess of oil may be wiped off with a piece of soft linen. At night you may use a bland ointment, such as boric acid ointment. Oil is a perfect cleanser.

**ADDIE H.**—Cleanliness must have part in the treatment of perspiring feet. Not only the feet

### OAKLAND'S BOYS AND GIRLS

#### SHOWERS GOIN ON NEW YORK'S NEWSIES

**NEW YORK, Oct. 7.**—Five hundred newsboys scrambled in Herald Square for a shower of coins that descended from a prodigal hand on the roof of the Metropolitan Hotel, Henry Herbert, a New York business man, was the good angel. Herbert had just returned from a summer abroad and he was so glad to get home when he could hear the familiar cry of "Extra paper!" that he resolved to give the lads a treat. Incidentally Herbert is an ardent champion of the newsboys, and when he saw the foreign article he was so pleased with the New York youngsters that he decided to give them a chance to "pick up" some money.

Coin came down from the roof, glittering in the sunlight and attaining a tremendous velocity, they struck the pavement with a jingle and bounded high in the air. There was never a second jingle, because the boys had caught them on the first bounce every time. Time after time the silver shower struck the pavement and found its way into dinky pockets.

The money kept descending at frequent intervals for an hour or more, sometimes rapidly and then again in small bits. Herbert's head could be seen over the edge of the roof and he appeared to be enjoying the fun of throwing money. When it was all over he slipped down by a back elevator and went away without being approached by the boys, who were eagerly waiting for him.

#### DIES ON WAY TO CHURCH

**SANTA ROSA, Oct. 7.**—Patrick Hyde dropped dead on the street yesterday morning while he was on his way to mass at St. Rosa Catholic church. The deceased was a railroad man and had been connected with the Northwestern Pacific for the past forty years in various capacities, but principally as roadmaster.

#### CREECH WORKS ON NEW LINES

HARRY M. CREECH.

Two things inaugurated this term by Harry Creech, president of the Oakland High school student body, have proved successes. A student control committee, Creech's idea, has taken hold of its work with a vim that argues well for the future. The cafeteria annex is on its way to prosperity.

Creech has been president of the high school debating society for the last two years and has also served in the capacity of president of the senate.

#### GOULD HIGHLY WROTH: WILL SUE UNCLE SAM

**NEW YORK, Oct. 7.**—Frank J. Gould conferred yesterday with his counsel, David F. Taylor, on the action he intends to file this week against the government by which he hopes to have definitely fixed his status when traveling in and out of America.

Gould succeeded late in the day in obtaining the release of all of Mrs. Gould's assets, valued at \$400,000, save five pieces worth \$100,000, the rights in the Goulds' patents, the Goulds' and for himself one dress suit, a few shirts, collars, etc. He then paid, under protest, duty upon such articles as Mrs. Gould wished to wear at dinner.

#### OAKLAND CHILDREN TO SEE FAMOUS LIBERTY BELL

**SAN FRANCISCO, Oct. 7.**—The principals of the various schools are preparing interesting exercises for Liberty Bell day. The petitions that are being printed will be sent to the schools a few days in advance in order that the signatures may be attached, and these will be collected on Friday by uniformed members of the California Guard.

Special exercises will be held in the open air at the Madison School, Mayor Ralph and the members of the Board of Education, H. A. A. Donahoe, president, James E. Power, Miss Sallie J. Jones, Mrs. Mary W. Kincaid and Superintendent of Schools Alfred Roncovieri, and others, will be present. The originator of the plan to bring the Liberty Bell to this city, are to be present and take part in the patriotic exercises that are to be held at 2 o'clock.

School children will carry American flags during the exercises and will sign the petitions.

An extract of the Southern Pacific Company has prepared a map showing the important cities through which the Liberty Bell will pass on its way to the 1915 exposition. If the Mayor and the City Council of Philadelphia grant the petition of the school children of the West, the route will be: San Francisco, San Antonio, New Orleans, Houston, San Antonio, to New Orleans, Washington, north to Mobile, Atlanta, Washington, Baltimore and back to Philadelphia to its present abiding place.

When the petitions signed by the school children of every Western State have been collected by the exposition, they will be rolled and sent East under special escort, to be presented to the officials of the City of Brotherly Love.

#### NEW NAVY UNIFORMS AROUSING PROTESTS

**WASHINGTON, Oct. 7.**—Naval officers are up in arms against the latest order of the department making changes in their uniforms. The officers will have to spend \$300 to \$500 for the new uniforms and changing old ones.

## TEACHERS OF STATE ARE AROUSED OVER PLOT

## NEW WORKERS IN FIGHT AGAINST ANNEXATION

Meetings Will Be Held Tomorrow and Wednesday in This City

Tomorrow afternoon at 2 o'clock the ladies of the First Hebrew Congregation will hold a meeting at the Hebrew Temple, Twelfth and Castro streets, under the leadership of Mrs. M. Friedlander. The meeting will be an open one. W. E. Gibson, president of the Chamber of Commerce, and Miss Mollie Connors will address the meeting. Vocal selections will be rendered by Miss Helen Mesow.

The teachers' meeting against annexation will be held Wednesday afternoon at 3 o'clock at Chabot hall. Miss Connors will preside and Gibson will speak. Educators throughout the State at the instance of Superintendent of Schools George W. Frick of Alameda county, J. W. McClintock of Oakland, and Will C. Wood of Alameda, have taken up enthusiastically the fight against San Francisco's scheme to gobble up its neighbors by means of the proposed constitutional amendment. Frick, McClintock and Wood wrote personal letters to all the school superintendents of the State, urging them to take up the fight, and in many cases very encouraging responses have been received.

## SOUTHERN OPPOSED.

Mark Keppel, superintendent of schools of Los Angeles county, writes: "You letter in connection with the circular duly received. Permit me to say that I have given careful attention to the proposed constitutional amendment for enlarging San Francisco and Los Angeles, and am heartily and enthusiastically opposed to it. It looks to me as though it were a scheme to authorize the people of the large cities to absolutely do as they please with the people of the interior. While it pretends to be a proposition for the rule of the majority, in reality it is a proposition for the rule of the minority adjoining a city by the majority in the city, and that in plain defiance of the question as to whether the minority living outside of the city desire to be ruled by the majority in the city or not."

From L. W. Babcock, superintendent of schools of Mendocino county, comes the following: "Your favor is at hand. Send along your literature. I'll spread the gospel far and near."

## PASADENA WILLING.

Jeremiah M. Rhode, superintendent of schools of Pasadena, writes: "Your letter interests me greatly. I have read very carefully your enclosed printed material, and I think I might be able to distribute a good many copies of the same, if they be sent to me here."

Lulu E. White, superintendent of schools of Shasta county, writes: "I have 110 districts, and as I am sending out some circulars to the clerks will be only too glad to mail the literature against initiative amendment to Section 7, article XI with them."

From Carl H. Nielsen, principal of the Vallejo High school, comes the following: "Replying to your letter of the 19th inst. relative to the proposed constitutional amendment, I wish to assure you that I am with you, because I believe you are right. I would do anything I can to defeat the amendment, which is unquestionably proposed from a local point of view, rather than in behalf of the whole State."

## ANOTHER WORKER REPORTS.

S. M. Chaney of Glenn county says: "I'm heartily with you in your effort to defeat the amendment of which you speak. Send me some literature and I'll see that it is distributed."

Mrs. N. E. Davidson, president of the Central California Teachers' Association, writes: "I have read your literature against the amendment; will start to visiting schools after next week and will see that every district in the county gets a few."

W. F. Grams, superintendent of schools of Yuba county, writes from Marysville: "Received your letter asking us to aid your fight against being swallowed up by Greater San Francisco. Rest assured that our county heart with you. We can do it. Send on what literature you have for distribution and we shall do the rest."

Senator John W. Stetson and George B. Lusk left this city for a tour of missionary work on behalf of the campaign to defeat annexation. They will speak Monday noon at the Hotel Lyndon, Los Gatos; Monday evening at the Hotel Hollister, Hollister; Tuesday evening at Santa Cruz; Wednesday evening at Salinas; Thursday evening at Monterey and Friday evening at Paso Robles.

## TO TOUR NORTH.

Tomorrow morning A. S. Lavenox, Walter G. Manuel, City Attorney Ben F. Woolner and John J. Crosby will leave for the same sort of tour of the northern part of the State.

P. J. Cadogan and E. W. Williams have been delegated by the Alameda County League to the San Joaquin Valley Fair, and to work there against annexation. A letter was received today from Cadogan, written at Visalia, to the effect that the county of Santa Clara county, and in fact all with whom he spoke were taking up the fight against annexation vigorously.

Cadogan also wrote from Merced to the effect that Phil M. Carey, while making speeches through the San Joaquin valley against annexation, was creating a very good impression.

Mrs. Sarah C. Borland met for the first time last Saturday afternoon at the headquarters of the Women's auxiliary of the Alameda County League with the ladies who are to be speakers at the women's meetings against annexation. Those present were Dr. Minora Fisher, Mrs. Irene Woodhams, Mrs. Emma Shetter, Mrs. C. W. Kinsey. A parlor meeting will be held next Friday afternoon at the residence of Mrs. Harrison, 3629 Patterson street, at which Mrs. Borland will speak. Other parlor meetings of the same kind are being planned.

## AN UNJUST MEASURE.

The following article, which appeared in the Pasadena Star is of interest.

EDWARD C. SIMONS, Secretary San Gabriel Valley Inter-city Commission.

When the electors of the State of California express their opinion concerning the consolidation amendment at the November election they will, for the first time, be asked to pass upon a constitutional amendment arising from an initiative petition. This is a case of legislation without a legislature for the people themselves are supreme in their action upon this question. It is unfortunate that in this particular case, the measure proposed is so unjust to a great number of people that they believe it was originated purposely to cause unpopularity to the new method of direct legislation.

The amendment in question, which is known as "Consolidation Amendment," provides for the consolidation of cities and counties, and parts of counties, where the combined population exceeds \$50,000 (which, of course, limits the application to San Francisco and Los Angeles) upon certain conditions.

## TO GET TERRITORY.

Under the provision of this amendment the city could join to it portions of the unincorporated territory adjoining its boundaries by a simple majority of the city and the territory taken in. For example, Los Angeles could join San Gabriel to consolidate with it, no matter how much San Gabriel might object, by merely calling an election, at which the majority of the votes cast in the two places combined, would decide the question. Obviously the 500 or so votes in the town of San Gabriel would count for nothing, compared to the seven hundred thousand of Los Angeles.

The injustice of such an act must be at once apparent. Under the present State constitution it is necessary to obtain the consent of two-thirds of the residents in any territory sought to be added to a city; whereas under the new act it is plain that not even a majority is required. But the injustice of the act does not stop here, for it further provides that an incorporated city may be consolidated with the larger city by a mere majority vote of its residents, who may be called upon to vote on this question at once.

## Absolute Sovereignty of Italy in Libya, Is Demanded.

GENEVA, Oct. 7.—A dispatch from Opigny to the Journal de Geneve, reports the terms of the peace treaty agreed upon by the Italian and Turkish delegates, which now awaits ratification by the two governments and is expected to lead to an immediate armistice. They are:

Absolute sovereignty of Italy in Libya, without formal recognition there of Italy by Turkey.

Free exercise of religious authority by the Khalif in Bosnia and Herzegovina.

Turkey to withdraw her regular troops from Libya.

Italy to pay an indemnity equivalent to Libya's contribution to the Ottoman treasury.

Restitution of the captured islands by Turkey, with safeguards for the Christian populations.

Armistice, subject to other stipulations toward the cost of war.

Re-establishment of diplomatic and commercial relations between the two nations.

As the result of the combined efforts of these two cities, the interests, after unsuccessfully attempting to force a bill known as the World Bill, through the legislature, resorted to the newly offered expedient of an initiative petition, and by having circulated five cents for each signature, obtained, without great difficulty, the requisite 30,000 names.

A storm of protest has been raised in

## 450 Members of Order Gather in Oakland for Religious Observance at St. Andrew's Church

Annual communion brought to 450 members of the Knights of Columbus of Oakland, San Francisco and other east bay cities at St. Andrew's Church, Thirty-sixth and Adeline streets, yesterday. Mass was celebrated at 8:30 a. m. Rev. P. J. Quinn, pastor of the church and chaplain of Oakland Council, No. 784, being the celebrant.

Hubert G. Quinn presided at the annual breakfast held in a downtown restaurant. His introductory remarks were followed by a short address on "Our Order" by Deputy Supreme Knight Neal Power. Father P. J. Quinn spoke on the significance of the gathering.

Remarks were made by District Deputy Vincent A. Dodd; E. J. Conlin, grand knight of San Francisco Council, No. 616; James Hanley, grand knight of California Council, No. 880; C. D. Monoley, grand knight of Berkeley Council, No. 1193; Frank Mitchell, grand knight of Hayward Council, No. 1615, and T. Elmer Dyer, grand knight of Alameda Council, No. 1658. Joseph Scott, past state deputy supreme knight, was unable to attend the reunion.

The committee in charge included: Chairman, Daniel T. Reynolds; secretary, Bernard E. Murphy; Manuel A. Silva, Leo L. Doolan, James P. Martin, Thomas J. Clancy, Dr. J. P. Maher, Andrew J. Flynn, Philip J. Mockel, James H. Doolan, Charles J. Donovan, J. J. Cunningham and Rev. P. J. Quinn.

The following officers of Oakland Council were in attendance: Grand knight, Hubert G. Quinn; deputy grand knight, Matthew R. Bronner; financial secretary, Daniel T. Reynolds; recorder, Joseph P. Kennedy; wardens, John J. Hursey; lecturer, Leo J. McCarthy; advocate, Joseph A. Kennedy; chaplain, Rev. P. J. Quinn; inside guard, Manuel Silva; outside guard, Daniel V. Green; medical examiner, Dr. John P. Slavich; trustees, M. A. McInnis, D. J. Ahern and T. J. Casey; past grand knights, J. E. McElroy, P. Joseph L. Milton, Vincent A. Dodd and Frank M. Corini; past district deputy supreme knights, Joseph J. Rosborough and Joseph A. Kennedy.

## CHINESE ROBBED OF \$400 IN GOLD

## ORDER MAINTAINED AT NEVADA MINES

## Passage Money to China Taken by White Hold-up Men.

Attacked by three white men as he was walking home, Chan King, a Chinese fruit seller of 137 Fourth street, was robbed late Saturday night of \$400, the money comprising the proceeds from the sale of his business. King had planned to return to China, and expected to use this money for the trip.

King had concluded the deal and, with Lew Foo of the same address, was walking homeward along Fourth street. At Jackson the two Chinese were ambushed by three white men, armed with revolvers, who demanded that the two men deliver their money. King had sufficient presence of mind to drop several gold pieces to the street as he was taking the money from his wallet. He recovered \$40 by this means.

As the robbers started to move away, King became enraged at the theft and struck at one of the men. The highwayman parried the blow with his revolver, cutting the Chinese across the hand, and then followed his companions running down the street. King reported the theft to the police.

Two foreigners engaged in a shooting affray at the mines yesterday but the quarrel was over an alleged debt of \$125 and not over the labor question.

Mrs. H. T. Ackerman, 311 Fifty-first street, was run down last evening at Hawthorne street and Broadway by an automobile driven by H. E. She was taken to the hospital, where she sustained a sprained ankle and some minor bruises.

## COLONISTS BY TRIAL GOES ON THOUSANDS DESPITE ARRIVE MURDER

Death of "Big Jack" Selig Fails to Have Effect on Progress of Case.

Rigid Inquiry Made Into Latest Crime Fails to Penetrate Mystery.

NDV YORK, Oct. 7.—The death of "Big Jack" Selig, although a severe blow to the prosecution, caused no change in the plans for opening today of the trial of Police Lieutenant Charles Becker charged with the murder of the gambler Herman Rosenthal. Two hundred and fifty-two men reported early at the criminal courts building and curious crowds swarmed through the corridors, waiting to see Becker brought to the Bridge of Sighs from the Tombs.

Selection of a grand jury to investigate all the phases of the Rosenthal murder promised to occupy Justice Goff's time prior to the beginning of the Becker trial.

The most rigid inquiry on the part of police and the district attorney's office has brought to light nothing to indicate that Selig was killed to defeat the ends of justice.

John P. McIntyre, counsel for Lieutenant Becker, said he would ask Justice Goff to adjourn the case because of the illness of John W. Hart, who is associated with him as Becker's counsel.

Thirty-five hundred people have come directly to Oakland over the three transcontinental railroads since the opening of the colony season, September 25. More are coming on an average of five cars a day, which is expected soon to give way to five trainloads a day. Fifty thousand colonists in all will have been brought to California before the season closes in the middle of this month.

This, briefly, is a summary of estimates given by the colonization bureau of the Southern Pacific, Western Pacific, and the Santa Fe systems, where it is said that the "influx of settlers from the Mississippi valley has broken all previous records."

That Oakland is in the front rank of the magnets which are drawing the new population is indicated by the number

# Berkeley Policemen Pursue Fleeing Machine Along the Stockton Road.

BERKELEY, Oct. 7. — For several hours last night two Berkeley policemen and chauffeurs in an automobile sped along the Stockton road from Berkeley to the trail of an automobile stolen Saturday night from the San Francisco Terminal railway company, from in front of the Orpheum theater. Frequent telephone calls to the police from the Stockton police enabled the latter to arrest the occupant of the stolen machine a few minutes ahead of the arrival of the FBI.

The man gave the name of Ray William Nams, declaring he was a former engineer and chauffeur and that his home was in Berkeley. He declared he was intoxicated when he took the machine.

Sight of the stolen auto on the Tunnel road was reported to the police yesterday and a Mr. O. C. Reuben of 2833, chauffeur and driver of the stolen car.

The pursuers picked up word of the quarry all along the county road to Layayette. At first he was half an hour ahead of them. At Danville and San Ramon he was 20 minutes ahead. From San Ramon to Livermore the police machine made close to 55 miles an hour.

had given out. Ingersoll took this in his lap and aimed it in the center of the road.

At Livermore the policemen telephoned the Tracy headquarters. Then they sped on. Over a road that none of the occupants of the machine knew rapid progress was difficult but Swink kept his machine on the high despite the danger.

There further word was received.

I have cured thousands who have been pronounced incurable by others, all or worse.

LOSES POSITION  
AS ADMINISTRATOR**D. H. Parker Alleged to Have  
Been Delinquent Of-  
ficially.**

Alleged delinquency on the part of D. H. Parker, administrator in the estate of the late John E. Hart, resulted in his being dismissed from that position this morning by Superior Judge Ogden upon the petition of Mrs. Susan C. Hart, widow of the deceased.

It was not until she came here from Jackson county, Oregon, Attorney Charles Snook was appointed administrator in his stead.

That Parker had allowed a default judgment to be entered against the estate in favor of Edith Hart, a daughter of John E. Hart by his first wife, whose mother was sister to Parker, was shown in court when Parker took the stand and was closely questioned by the attorney for Mrs. Hart and Judge Ogden.

Until the proceedings were called to his attention, the court was not cognizant of the fact that there was more than one heir to the estate, Mrs. Hart having been ignored in the suit which was brought on September 6 to quiet title to property at 5420 Mills avenue valued at approximately \$5000. Suit was filed in behalf of Edith Hart. There was a default entered on September 10 and judgment rendered.

It was not until she came here to settle the estate that Mrs. Susan C. Hart discovered that possession to the property had been made in favor of her step-daughter as a result of the default allowed to be entered by Parker. She then consulted with an attorney and an effort will be made to have the judgment set aside so that the property can be sold and divided among the two women.

When asked by Judge Ogden why, as administrator of the estate, he had been so lax as to let the suit go by default, Parker declared that he had been away from the city and later upon hearing of the proceedings, thought them to be of no significance. He said that he had left the matter in the hands of his lawyer.

Search for the papers was commenced today as they were being located in the files of the county clerk, although a record of the proceedings in court appeared on the books.

Without argument Judge Ogden informed Parker that his letters of administration were revoked.

BRITISH STEAMER  
AT LOCAL WHARF

The British steamer Robert Dollar arrived here today after a fifty-three day passage from Shanghai, via San Pedro. The big Britisher is at Long wharf discharging 500 tons of sulphur and other cargo of coal. It is reported that the cholera epidemic in the Orient is still serious, but is gradually disappearing. The vessel will go to the Columbia river to load lumber for Kobe. She is in charge of Captain Morton.

The steamer schooner Lamke shifted across from the San Francisco side yesterday and took a berth at the United Engineering Works. She is undergoing repairs.

Vessels at Long wharf today included the steam schooners Sea Foam, Noyo, Scotia, Thomas L. Wand, Santa Monica and Eureka, steamers Buckman and Umagilla.

WHEAT LOSERS  
IN FEARFUL CRASH**Joy-riders Plunge Seventy-  
five Feet When Car Leaves  
Bridge.**

PHILADELPHIA, Oct. 7.—Nine young men lost their lives early yesterday when an automobile in which they were joy riding crashed through the railing on the side of the new thirty-third street boulevard. Master street and fell into a coal yard seventy-five feet below. The machine, a big touring car, turned turtle, and the occupants were crushed in the hood of the machine. The dead are: Edward A. Boyd, 22 years old; Gordon H. Miller, 21; William M. Lawrence, 25; Edgar M. Shaw, 19; Thomas Holmes, 25; Daniel J. Wilkes, 25; Jesse Melvin, 23; Ernest Schofield, 25; Robert Gelsel, 22. All were from Philadelphia.

Edgar Shaw, 19 years old, a son of James Shaw, a lumber merchant, who owned the car, was taking a party of eight friends home in the machine and six others who had a smaller automobile when the party came to a terrific speed down Thirty-third street. In turning to avoid the smaller machine, which was in the lead, Charles I. Spady, who was driving the car, lost control of the machine and it crashed through the railing of the bridge. When those in the other machine had made their way to the shore, only one occupant of the ill-fated car showed signs of life, and he died shortly after being removed to a hospital.

No others were dead when the institution was reached. Harry and Josie Lawrence, a brother of the Lawrence who met his death, was in the smaller machine. He said this automobile was about fifty yards ahead of the Shaw motor when he heard the crash.

When asked by Judge Ogden why, as administrator of the estate, he had been so lax as to let the suit go by default, Parker declared that he had been away from the city and later upon hearing of the proceedings, thought them to be of no significance. He said that he had left the matter in the hands of his lawyer.

## SLOW ELKS' CLUB TO HOLD OPENING DANCE WEDNESDAY

FOUR OF THE GUESTS INVITED TO THE OPENING DANCE OF THE SLOW ELKS' CLUB.

MISS ELVA LANGE

MISS MARLENE STEELE

The Slow Elks' Club will hold their opening dance in Maple Hall, Wednesday evening. The committee of arrangements have left nothing undone to make the evening a most enjoyable one. The club consists of the following business men of Oakland:

Henry Gloy, Albert Warner, Benrad Johnson, Walter Hauck, Edward Meek, Fred Schiller, James Dahl, Irving Simmons, James Young and Herbert Thomson.

Miss Roberta Reed, Miss Emma Gloy, Miss Madeline Steele and Miss Elva Lange are among the invited guests.

## WHITE GIRL HIT OF CHINESE ACT

Maiden Unknown to Fame on Program Creates Applause at Pantages.

Some managerial wag, in the effort to feature novelty in the production of "A Night in Chinatown" at the Pantages, has hidden the light of merit under a bushel as far as press agency or even program advertising is concerned.

The individual hit of the act, in fact of the entire bill, is not one of the "original" Chinese, Tommy Dan, dressed in pink, whose name does not appear upon the playbill. It was she who created the noisiest furore at yesterday's performance, and it was not because she introduced the Texas Tommy step into the twinkling movements of her feet. It was because there was grace and poetry in every movement.

There is no need of a Chinatown scenic environment for this young Caucasian woman's performance, and why the crude "Texas Tommy" (a vulgaristic introduction at all is the first question. The second query is: Who is the white girl who makes the hit of the Chinese act?

BILL MERITORIOUS.

Once more the use of "class" as the most fitting word to describe the week's bill at the Pantages is necessary. All the acts are of the superior sort.

Ned Burton revisits Oakland in the tabloid musical comedy, "The Commercial Man," bringing with him Norbert Myles and Miss Marion Ford, who turn the night into a satisfactory musical entertainment and a satisfactory record of melody. Burton looks like Johnny Bunny and keeps busy as a toll for the younger folk in the playlet, besides accounting for much of the fun-making.

The young girls, who must have learned to manipulate tennis rackets and Indian clubs when they were wearing short skirts all the time, are billed as the Five Juggling Jewels. There is no little sparkling in their dexterous act.

Black Brothers, who are not burnt-cork "artists" are finished band performers, but they win the most applause for their dancing duet.

MELODY OF TROPICS.

The Aloha Octette, Honolulu instrumentalists and dancers, were warmly welcomed yesterday. There is one native woman, who dances. The remainder of the eight are sweet-voiced male singers, who also play well upon stringed instruments, with a scenic background which fittingly supplements the native music.

Gaumont's motion picture weekly, featuring numerous world events, is unusually interesting this week.

A negligible quantity of vocalizing is done by the Orpheus Comedy Four, as is the way with comedy quartets. The quality of their vocalizing had better not be mentioned. But all four deliver comedy in large chunks and get most of the laughs in the show. The "string-bone" is more than one-fourth responsible for the hilarity.

AUSTRALIA TO SEND COMMISSIONER HERE

WASHINGTON, Oct. 7.—San Francisco will have a resident trade commissioner from Australia if the recommendations of Sir George Reid, high commissioner from Australia to London, are accepted by the Commonwealth government.

Before Sir George left here yesterday for London he said that in making his report to his home government concerning his trip to this country he would recommend that two commissioners be appointed to the Pacific States.

He will recommend that one of these commissioners be stationed in San Francisco and one in New York.

LIQUOR DEALERS STUCK.

SACRAMENTO, Oct. 7.—Liquor dealers of the state protested to the State Health Board against the immediate enforcement of the order preventing the sale of champagne after October 1, on the ground that they have a quantity of the liquor in stock and have no means of disposing of it. They estimate that there are 8,000 cases in stock. The health board members will not rescind the order.

## The Hasty Meal

Did you ever stop to consider how convenient "Pacific Service" is when you "wake up late" of a morning and have about ten minutes in which to get "his" breakfast.

Likewise when you've been shopping in the afternoon and have to hustle to have dinner "on time?" And whether you're preparing the meal in kimono or shopping attire there's no dirt connected with the work.

Cooking with gas is quick, clean, efficient. It does away with kitchen drudgery and makes cooking a joy and pleasure. Experience has proven that it is very economical.

The equipment of a home isn't complete without "Pacific Service."

Let us explain the comforts and conveniences enjoyed by its use.

"Pacific Service" is "Perfect Service."

## BURLINGAME TRUSTEE FEELS ARM OF LAW

SAN MATEO, Oct. 7.—E. N. Smith, a trustee of Burlingame, was caught in the legal dragnet set here for the Sunday auto speeders endeavoring to "burn up" San Mateo's thoroughfares. Smith, who figures prominently in Burlingame's municipal life, was speeding in his auto with reckless abandon, according to Special Policeman Maurice Sheehan, who stopped the trustee of San Mateo's River community under arrest for violating the motor speed law. Smith was released on \$15 bail and will probably face trial today. Burlingame's speed officer was on the alert all day, but up to a late hour had not succeeded in capturing a San Mateo trustee to exchange as a prisoner of war.

30,000 PERSONS REGISTER.

SACRAMENTO, Oct. 7.—The total registration in Sacramento county aggregated 30,000 so Registrar Haub estimated at the close of registration last night. Of this number fully two-thirds are Republicans. An increase of 5,000 was shown over the totals at the presidential primary. While the figures were kept on the registration of women, it is estimated one-third of these are women.

## HANDCUFFS DEER IN LONG STRUGGLE

Policeman Wins Wrestling Match In Vancouver City Limits.

VANCOUVER, B. C., Oct. 7.—Within ten minutes' walk of the busiest section of Vancouver, a big buck deer, heavily antlered, was captured by a policeman and handcuffed around the forelegs at a twenty-minute battle last night. The crowd was just coming from church and 5,000 persons witnessed the tussle, which took place in a vacant lot. Where the deer came from is a mystery. The first to see it in the vacant lot was a 15-year-old boy, Boyd Launder. He approached to close and was hurled to the ground. Roused to action, the deer rushed at a horse tied in the lot, and bowled it over. Young Launder sounded a frantic alarm and Policeman Samuel Grady came in to make a rescue.

The deer turned again on the boy, who was too dazed to escape, but Grady was there first and seized the animal by the horns. For more than twenty minutes they fought, swaying and struggling from one side of the lot to the other. Finally Grady conquered, throwing the deer on its back. From long habit with a prisoner the officer jerked out the handcuffs and snapped them about the animal's forelegs.

When Sergeant Hood arrived on the scene there was an interested crowd standing close to the panting deer. A boy touched the animal, and it sprang up, the handcuffs falling from the animal's paws. The crowd separated as if by magic and the deer disappeared, jumping into the water of False creek and swimming across to the old Indian reserve. This was the last seen of the forest wanderer. No word of a deer escaping from the park has been reported, and the keeper stated that the animal must have come from the woods.

TOTAL CROP DESTROYED.

HONOLULU, Oct. 7.—The first large commercial crop of the infant Hawaiian Tobacco industry was destroyed by fire last week when the storage sheds of several companies in Hialeah went up in smoke. The loss is placed at \$40,000 and includes the value of the entire 1911 crop, 18,000 pounds of another company's crop, the product of the new cigar factory and fermenting houses.

## FAMOUS BLOCKADE RUNNER IS DEAD

Louis Spitzer, Adventurer and Gentleman, Passes Away at Sea.

NEW YORK, Oct. 7.—A seaman who died aboard the bark Fue Heng Suey, arrived here 136 days from Honolulu, has been identified as Louis Spitzer, the famous blockade runner, gentleman adventurer, last of the American privateer skippers.

Spitzer died at sea after trying bravely to hide his identity, and doing the hard work of a forecaster hand under the racking pains of a consumptive almost worn to skin and bones.

Spitzer was the hero of the oriental waters for a decade or more. With his brother, Dick, he revived in reality the most adventurous days of the free lances of the seven seas. As peacetime blockade runner, gun runner, and privateer, he had hair breadth escapes which would fill many volumes. Again and again he laughed at great fleets of the world powers, at the splitting guns of heavily manned forts, the gold lace of angry admirals and even the stone walls of oriental jails. His brother shared most of his later adventures.

Throughout the Russo-Japanese war the "Spitzer brothers" and their food ships worried the great Japanese admiral Togo and the scout commanders of the Japanese fleet. When Stoessel and the garrison of Port Arthur were beleaguered by the late General Nogai and Nodan, commanding the forces in the lines at Dalgai, Louis and Dick Spitzer electrified the world by running ship after ship through the network of Japanese warships and Japanese submerged mines, feeding the starved soldiers of the white czar from the most dangerous possible inlet.

In Manila word was received that fabulous sums could be earned by the lines who would place the Japanese admiral Togo and the scout commanders of the Japanese fleet. When Stoessel and the garrison of Port Arthur were beleaguered by the late General Nogai and Nodan, commanding the forces in the lines at Dalgai, Louis and Dick Spitzer electrified the world by running ship after ship through the network of Japanese warships and Japanese submerged mines, feeding the starved soldiers of the white czar from the most dangerous possible inlet.

DENTIST ARRESTED FOR ASSAULT.

SANTA ROSA, Oct. 7.—Dr. E. W. Scott of Sebastopol was arrested there yesterday on a charge of criminal assault, alleged to have been committed on a 14-year-old girl of Swiss parentage, who was his patient. The assault is alleged to have occurred in the dentist's office at Sebastopol. Scott returned yesterday morning from a two weeks' outing at Rubicon Springs and found Deputy Sheriff Reynolds waiting for him with a warrant. Scott is in jail here.

SAVED BY HIS WIFE.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung troubles—croup, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50c and \$1.00. Guaranteed by Cough Cure.

## WATCH FOUND RUNNING OF VICTIM OF SEA

LOS ANGELES, Cal., Oct. 7.—A watch in the trousers pocket of James Emborg, 35 years old, of this city, was still running when his body was cast up on the beach by the high tide at Venice early yesterday. The body had been in the water eight hours. Emborg is believed to have committed suicide by jumping from the pier as his boat, containing a farewell note to a friend was found there.

## PHYSICIAN ESCAPES DEATH IN COLLISION

SAN FRANCISCO, Oct. 7.—Dr. W. G. Harder, 318 Pierce street, narrowly escaped death last evening about 9 o'clock when his automobile was struck by a north-bound car on Kearny street, near Sacramento, while the physician was answering an emergency call. Leaving his overturned and partly dismantled machine where it was thrown by the car, Dr. Harder continued on his way to the call which had taken him out. He was traveling south at Kearny and Sacramento streets and slowed up behind a south-bound car. A north-bound car passed at that moment and Dr. Harder turned on that track to get by the car in front of him. Just as he reached the other track another north-bound car came along, but a few feet behind the first, and this car knocked his machine twenty or thirty feet and threw the physician out, although he was lucky enough to escape the mixup with only a severe slaking up. The side of the automobile was smashed and one wheel was torn off.

## EXHIBIT BUTTER TO BE DONATED TO THE POOR

CHICAGO, Oct. 7.—One ton of pure butter churned from pure cream will be produced at the National Dairy Exposition to be held here October 24 to November 2, and the entire lot donated to the worthy poor of the city. A fully equipped butter making plant will be in charge of experts in the International Pavilion at the Stock Yards, where the exposition will be held. In addition to the butter factory, there will be installed a milk house and bottling plant to give the public an idea of the way in which milk is handled before it reaches the consumer.
